SECRET SYSTEM OF ASSASSINATION DISCLOSED

Oxygen Injected Into Arteries Kills Without Leaving Any Trace

AIR BLOWN IN VEINS CAUSE GIRL'S DEATH

Another Murder Mystery in Illinois Solved By An Air Bubble Bursting in Artery

(By Associated Press.)
OLNEY, Ill., July 26.—When an air bubble burst an artery under the pressure of a physician's knife the first link in the chain of evidence against Roy Hintersiter, who brought the body of Elizabeth Radcliffe to a sanitarium here, was said by the prosecuting authorities to have been forged.
The death of the girl, medical authorities declare, is without parallel, if a crime was actually committed. Hintersiter was held to the grand jury without bond, holding him responsible for the girl's death.
An autopsy revealed no marks of violence, but showed the girl was about to become a mother. It is

charged by physicians that the prisoner blew air in the girl's veins, causing death.
The girl was said to have died beneath an elm tree two miles from town. The doctors say she was dead when placed in a buggy for the ride to the sanitarium. No trace of poison was found in the stomach. When a doctor stuck a probe into an artery there was a "puff," almost inaudible, as the bubble burst. It was said that only two things cause embolism of the arteries, faulty injection with a hypodermic needle or a lesion of a lung. There was no needle mark and no lesion of the lung. The brain was full of water. The heart, when pierced, almost exploded.

BRITISH HOLD FULL CONTROL

CAPTURE OF POZIERES GIVES DOMINATION OF GERMAN EASTERN LINES

(By Associated Press.)
LONDON, July 26.—Pozieres has been completely captured by the British. West of the village the Anzac territorial troops made advances and captured two strong trenches. Elsewhere there is no change.
The capture of Pozieres gives the British domination of the highest point overlooking the plateau on which the German lines extend eastward. Some of the most stubborn fighting in the recent offensive occurred in the streets of the village, which the Germans had fortified until it became one of the strongest points on their line. The German general staff regarded the possession of such importance that it even brought up troops that had been fighting on the Verdun sector, who held tenaciously to part of the village until driven out by hand to hand fighting.
BERLIN, July 26.—An official order says: "The British have established themselves at Pozieres."

SPREAD OF DISEASE DUE TO PERSONAL CONTACT

(By Associated Press.)
NEW YORK, July 26.—The most important information concerning infantile paralysis comes from Dr. Simon Flexner, of the Rockefeller Institute, who says the disease is spread primarily through personal contact of child with child.
The epidemic of infantile paralysis has continued to gain. Health department reports during 24 hours preceding 10 o'clock this morning state 35 died and 182 new cases.

NO IRISH NEED APPLY THERE

AMERICAN OFFICERS OF RELIEF FUND NOT ALLOWED TO GIVE AWAY MONEY

(By Associated Press.)
NEW YORK, July 26.—Officers of the Irish relief fund are awaiting an explanation of the refusal of the British government to permit Eugene H. Kelly, treasurer, and his assistant, Joseph Smith, to land in England. The matter was taken up with the State department. The men desired to proceed to Dublin to distribute \$50,000 for the relief of sufferers in the recent Irish revolt.

(By Associated Press.)
WASHINGTON, July 26.—A note to Great Britain dealing with the principles of the blacklist is almost ready and will be sent to London in a few days. Secretary Polk today discussed the question with the president and then returned to his department to complete the document.

GOT THEM SPOTTED

SAN FRANCISCO POLICE HAVE DYNAMITERS UNDER SURVEILLANCE

(By Associated Press.)
SAN FRANCISCO, July 26.—Chief of Police White has reiterated his declaration that the police would arrest in two or three days the perpetrators of last Saturday's bomb outrage wherein seven were killed and more than forty injured.
"We will get the men who actually placed the bomb and we will get their accomplices, too," the chief declared. "They are well known to the police and we will get them right within three days. They are right here in San Francisco."
The reward totals \$14,100.
Newton C. Potter, manager of a welding works, gave the police a sample of what the police believe is the bomb Potter made for two men two months ago. They told him it was a vacuum explosive arrangement. The police are convinced the sample is the same as the shell of the bomb.
Mrs. Kingsley Van Loo, of Fresno, died of wounds as the result of the explosion, making the eighth victim of the explosion.

TUNNEL UNSAFE SAY WORKMEN

RESCUERS CANNOT REACH THE BODIES OF COMRADES LOST BY EXPLOSION

(By Associated Press.)
CLEVELAND, Ohio, July 26.—The city's investigation into the water works tunnel tragedy, wherein 22 men lost their lives, is well under way. At the same time rescue forces attempted to penetrate the wrecked passage in hopes of being able to remove the dead still buried in the wreckage. It is believed twelve bodies are still unrecovered.
The city faces indefinite delay in completion of the work because the workers declare the tunnel is a perpetual peril and they will refuse to return to work after the bodies of their comrades have been recovered.

ARMENIA AT MERCY OF THE RUSSIANS

Chief Fortified Town Captured and Advance of Grand Duke Nicholas Unimpeded

(By Associated Press.)
LONDON, July 26.—A wireless from Petrograd says: "Rome reports that the Turks have evacuated Erzurum, a fortified town in central Armenia, which is now in possession of the Russians."
The Russians are continuing their successful drive in southern Volhynia, pressing the Teutons near the Slonovka river, which the Russians are crossing. Great loss was inflicted.

(By Associated Press.)
PETROGRAD, July 26.—An official report announces that the Turkish fortress at Erzingan, in central Armenia, has been captured by Russians.

SUBMARINE CLEARS WARSHIPS GO, TOO

GERMANS EXECUTE SIX CIVILIANS

(By Associated Press.)
BALTIMORE, July 26.—The submarine Deutschland was cleared this afternoon by Captain Koenig. Customs officials said she cleared "for Bremen or any other German port" and was loaded with general merchandise.
"The time of departure is not definite," said Koenig. He requested that the manifest be withheld from publication, "for a reasonable time."

(By Associated Press.)
NORFOLK, July 26.—The cruiser North Carolina weighed anchor this afternoon and headed for the Cape, with two torpedo boat destroyers preceding. It is reported the boats are under orders to lay off the Cape for further instructions.

(By Associated Press.)
WASHINGTON, July 26.—Secretary Daniels announced the North Carolina had been ordered for neutrality duty outside the Virginia Capes. He would not make any comment regarding the dash last night of a British cruiser into American waters.

GERMAN SUBMARINE IN THE BRITISH CHANNEL

(By Associated Press.)
BERLIN, July 26.—A German submarine attacked a British dreadnought off the Orkney last night, obtaining two hits with torpedoes.

CIVILIANS IN NAVY FOR FOUR WEEKS

PRACTICE FLEET ON ATLANTIC COAST TO TAKE MEN FROM 19 TO 45 YEARS OLD

(By Associated Press.)
WASHINGTON, July 26.—Enrollment of civilians for the forthcoming cruise on United States warships is proceeding with indications that the experiment is popular, and there is no doubt that the full quota of two thousand citizen sailors, ranging all the way from 19 to 45 years of age, will be ready to carry their dunnage bags aboard the practice fleet on August 15. The men will board the ships at the ports nearest their home, and in the month's duration of the cruise will be given experience in almost every form of naval life from swabbing decks to firing big guns. The enrollment thus far shows men of all trades and professions, many prominent and wealthy, who are enthusiastic over this new plan of naval preparedness. Assistant Secretary Roosevelt, of the Navy department, expects to spend at least some of the month as one of the citizen blue jackets.
Rear Admiral J. M. Helm, who is at present in charge of the Naval militia cruise, will be commander in chief of the civilian cruise also, and will use the same warships.
The cruise will end September 12 and during its last week will be held a mobilization and training cruise of yachts and motorboats. From August 15 until August 20 the citizen sailors will be proceeding to the training rendezvous at Tangier sound, in the Chesapeake bay, the gunnery practice

\$64,000 For Good Roads In Nevada Now Available

(By Associated Press.)
WASHINGTON, July 26.—Appropriation among the states of the first year's appropriation of \$5,000,000 under the good roads act was announced by the Department of Agriculture today. California got \$151,000 and Nevada \$64,000. Texas gets the most—\$291,000.
Before making the division the department deducted \$150,000, which was set aside by the act for administration. The first installment is for the fiscal year ending June, 1917. In addition a million is appropriated each year for the development of rural roads and national forests.
This is the first step in the federal government's part of spending \$150,000,000 on good roads during the next five years in co-operation with the states.
The \$150,000,000 is to be paid half by the government and half by the

several states, apportioned among the latter according to their respective area, population and rural mail route mileage.
The expenditures are authorized by the Shafter-Bankhead good roads law, the first granting federal aid to states in road building. Appropriations for the present year, ending July 1, 1917, authorized by Congress, are \$5,000,000. For the four succeeding years they are, respectively, \$10,000,000, \$15,000,000, \$20,000,000 and \$25,000,000. The law provides, however, that no government money shall be available unless the states spend an equal amount, matching the government contributions dollar for dollar.
Every cent of the federal and state funds, the act provides, shall be spent to build new roads. Maintenance costs thereafter must be borne by the states alone.

Routes and construction materials of the new roads are to be finally determined by the secretary of agriculture. No public road can be built under the law until its location, cost and character are approved by him. Every road project with plans, specifications and cost estimates must be given his approval before any of the federal money shall be available. There is no specific requirement that such roads shall be permanent, but the act declares they shall be "substantial in character," the secretary being given discretion to construe the question of substantiality in each separate case.
A limit of \$10,000 per mile, however is the maximum fixed by the law to prevent use of the government funds in building costly boulevards which would not assist in rural development.

YOU CAN VOTE AT PRIMARIES IF NAME IS ON OLD REGISTER

Last Saturday evening the Supreme court passed on the registration law, taking the same ground as in the foregoing letter. Writing on the action of the court on the primary law the Appeal states:

"The court also went outside of the complaint and petition filed and rendered a decision on the section of the law which applies to registration of voters, deciding in effect that voters who registered for the election in 1914 will not be required to register again for the primary election, and that the registry agents shall transfer those names to the registry for the primary election as provided for in section 12, page 61, of the primary election law. Attorney General Thatcher had already rendered an opinion contrary to this and mailed the same to all officers having charge of elections in the state. This was a matter that had caused a great deal of doubt in the minds of registry agents and voters, and the settlement of it has clearly up the situation and the result will be a large state wide registration."

Nevertheless, it is just as well to register now, as the work will have to be done later anyway to qualify for election. Those who registered two years ago without giving their party affiliation should register again now to comply with the law.

The following letter from Alfred Chantz, the veteran lawyer of Carson City, to the Carson Appeal, sets forth the duties of registration agents and the rights of voters. In effect, the attorney states that it is not necessary to register for the primary election if your name appeared on the grand register of 1914, but it is necessary to register for the general election in November. The letter follows:

I find the following in Friday evening's Appeal:
"Register! Only nine days more in which to register in order that you may vote at the August primaries. Those who registered two years ago will have to register again if they wish to vote at the primary or gen-

TWELVE KILLED IN A MEXICAN TRAIN WRECK

SOFT TRACK HURLS TRAIN ON NATIONAL ROAD INTO GULLY

(By Associated Press.)
LAREDO, Tex., July 26.—Twelve were killed and twenty injured in the wreck of a north bound National train at Morales, Mexico. On a piece of bad track the train was overturned into a gully.

BRITISH STEAMER SUNK

(By Associated Press.)
LONDON, July 26.—Lloyd's reports the sinking of the British steamer Olive. The crew was saved.

NO DIFFICULTY OVER BUYING ISLANDS FROM DENMARK

(By Associated Press.)
WASHINGTON, July 26.—Chairman Stone of the foreign relations committee informed President Wilson there would not be any difficulty in ratifying the treaty to purchase the Danish West Indies.

GUARDSMEN RELIEVED FROM BORDER DUTY

(By Associated Press.)
SAN ANTONIO, July 26.—Application for relief from the service of guardsmen with dependent parents are reaching army headquarters at the rate of 1500 a week. Several hundred already have been released.

BRITISH BIPLANE SHOT DOWN AND TWO OFFICERS CAPTURED

(By Associated Press.)
BERLIN, July 26.—A British biplane was shot down by a German submarine north of Zeebrugge. Two officers were captured.

point an irresponsible act as your agent, with power to convey land, and you should not appoint such person, or permit such person to be appointed to act as agent with power of attorney to dispose of your civic and public interests. Don't be a hypochondriac or a miserable neutral in your civic life.
ALFRED CHANTZ.

M'CLURE HELD UP AND SENT HOME

AMERICAN PUBLISHER DEPORTED TO UNITED STATE BY GREAT BRITAIN

(By Associated Press.)
LONDON, July 26.—S. S. McClure, American publisher, must return to the United States Saturday on the same vessel on which he arrived at Liverpool. In the meantime he is sojourning at an unnamed watering place inland "for his health," according to a government statement. The Home office declined to permit him to stay in England.

ENGLAND NOT TIRED OF PRESENT HOSTILITIES

(By Associated Press.)
LONDON, July 26.—"Great Britain is not tiring of the war. On the contrary the country never was more hopeful and united," said Lord Derby, former director of recruiting, in an interview today.

ENGLAND PROMISES REPLY TO PROTEST OVER MAILS

(By Associated Press.)
LONDON, July 26.—The foreign office has sent to Ambassador Page a reply to his request, stating that a reply will be sent the United States shortly regarding the detention of neutral mails, but that England is still conferring with France on the subject.

(By Associated Press.)

BOSTON, July 26.—Dr. Eldridge D. Atwood, who killed his former instructor, Dr. Wilfred E. Harris, in a jealous rage, was arraigned for murder today. He pleaded not guilty.

GARMENT WORKERS REFUSE TO RETURN

(By Associated Press.)
NEW YORK, July 26.—The garment workers refused today to ratify the agreement entered into by their leaders with the Manufacturers' association and were ordered to return on strike by the president of their union.

SPAIN RAVAGED BY A HURRICANE

FIVE PROVINCES DEVASTATED AND WHOLE VILLAGES WIPED OUT

(By Associated Press.)
MADRID, July 26.—A hurricane of unprecedented violence has devastated the provinces of Sorria, Saragossa, Valladolid, Leon and Pontevedra. The village of Torreon is a total ruin, with three churches wrecked. Floods ravaged the village of Ateca, province of Aragon. The bodies of eleven victims have been recovered. The material damage is enormous.

LAND EXPERT PREPARING PLANS TO BRING SETTLERS

VANCOUVER, B. C., July 26.—C. S. Fee, chief passenger and colonization expert of the Southern Pacific, is here finishing a general survey and study of the immigration problem with a view to turning the great tide of homeseekers to vacant lands in the western states at the close of the European war.

Mr. Fee has been busy since last June preparing these plans. His work is now practically finished and he will go home in September. Before returning to San Francisco he will swing through Alaska.

The expert was sent to Canada immediately after a conference on immigration between President William Sproule, General Passenger Traffic Manager E. O. McCormick and Chairman Julius Kruttschnitt, who are preparing for the biggest colonization campaign in the history of America, to begin as soon as practicable. Thousands of homeseekers from east of the Rockies will be sent to vacant lands in the west, and tens of thousands will probably come, seeking lands and business opportunities, at the close of the European war.
